POINTS TO REMEMBER

- ✓ Most burglars knock before they attempt to enter your home - acknowledge you are home through a closed door or use a doorbell camera that allows you to communicate with the unknown visitor, even when you are not home.
- ✓ Always lock all doors and windows any time you are away, even for a short walk or a quick errand. This includes setting your home alarm. An alarm can be a powerful deterrent and should include an audible alarm, window and door sensors, monitoring and motion sensors. (Don't forget to put a motion sensor in the master bedroom - often a burglar's first stop.)
- ✓ Never hide a key under your doormat; it is like a free pass to any would be burglar. Instead, give a spare key to a trusted friend or neighbor.
- ✓ When you go on vacation, request a **FREE Vacation House Check** from the Anaheim Police Department by calling 714-765-1987. Also, ask a trusted neighbor to watch your home.
- ✓ If you arrive home and see a broken window or open door, do not enter. Put yourself in a safe place and call 9-1-1 immediately. If you enter and encounter an intruder, do not attempt to detain him/her, as they may be armed. Your property is replaceable; you are not!
