

RESOLUTION NO. 2024- 067

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ANAHEIM RELATING TO FEES AND PENALTIES IN CONNECTION WITH IMPLEMENTING THE UNIFIED HAZARDOUS WASTE AND HAZARDOUS MATERIAL MANAGEMENT REGULATORY PROGRAM ACT AND RESCINDING RESOLUTION NO. 2023-054

WHEREAS, the City Council of the City of Anaheim has heretofore amended the Anaheim Municipal Code to assume responsibility for implementing the Unified Hazardous Waste and Hazardous Material Management Regulatory Program Act; and

WHEREAS, the City of Anaheim was certified as the Certified Unified Program Agency (CUPA); and the City of Anaheim Fire Department is responsible for administering and enforcing the CUPA Program; and

WHEREAS, Section 25404.5 of the Health and Safety Code requires each CUPA to institute a single fee system, with the fee amount established by the CUPA's governing body to be at a level sufficient to pay the necessary and reasonable costs incurred by the CUPA; and

WHEREAS, the City Council hereby finds that said fees, in the amounts hereinafter set forth in Exhibit "A", are less than or equal to, but in no event greater than, the actual direct and indirect costs and expenses incurred by the City in performing the services connected with such fees; and

WHEREAS, Section 6.11.150 of the Anaheim Municipal Code authorizes the City Council to establish a schedule of fees and penalties in connection with the CUPA; and

WHEREAS, the City Council hereby finds and declares that adoption of this fee schedule is exempt from the provisions of the California Environmental Quality Act pursuant to Section 21080(b)(8) of the Public Resources Code and California Code of Regulations Section 15273 in that the fees and rates are established not to exceed the City's reasonable cost in administering the CUPA programs, including but not limited to permitting and inspection responsibilities; and

WHEREAS, the fees have been considered at a duly noticed public meeting or public hearing, as required by law.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Anaheim that Resolution No. 2023-054 be amended in its entirety as follows:

Section 1. The fees set forth in the fee schedule attached hereto as Exhibit "A" shall be, and the same are, hereby adopted.

Section 2. The fees set forth in the fee schedule attached hereto as Exhibit "A" shall become effective immediately upon adoption of this Resolution.

Section 3. The fees set forth in the fee schedule attached hereto as Exhibit "A" may be adjusted to reflect increases in the most recent Consumer Price Index for the Los Angeles-Long Beach-Anaheim, CA geographic area.

Section 4. The fees established herein shall, upon the effective date of said fees, supersede fees set forth in Resolution No. 2023-054 and any previously adopted fees for the same permit or approval.

Section 5. The City Council hereby declares that should any one or more fees established by this Resolution or any portion of this Resolution be declared for any reason to be invalid, it is the intent of the City Council that it would have adopted all other fees and portions of this Resolution independent of the elimination herefrom of any such fee or such portion as may be declared invalid.

BE IT FURTHER RESOLVED that Resolution No. 2023-054 is hereby rescinded upon the effective date of the new fee schedule.

THE FOREGOING RESOLUTION is approved and adopted by the City Council of the City of Anaheim this 18 day of June, 2024, by the following roll call vote:

AYES: Mayor Aitken and Council Members Kurtz, Diaz, Leon, Rubalcava, Faessel and Meeks

Special Generator Definition

A Special Generator is a facility that generates no more than 55 gallons/500 pounds every 180 days (6 months) of any one of the wastes listed in Chapter 6.5, California Health and Safety Code, Section 25160.2* and no more than 165 gallons/1500 pounds total of these every 180 days, and/or treats photographic solution waste hazardous only due to silver content.

* (c) *The consolidated manifesting procedure set forth in subdivision (b) may be used only for the following waste streams and in accordance with the conditions specified below for each waste stream:*

(1) *Used oil and the contents of an oil/water separator, if the separator is a catch basin, clarifier, or similar collection device that is used to collect water containing residual amounts of one or more of the following: used oil, antifreeze, or other substances and contaminants associated with activities that generate used oil and antifreeze.*

(2) *The wastes listed in subparagraph (A) may be manifested under the procedures specified in this section only if all of the requirements specified in subparagraphs (B) and (C) are satisfied.*

(A) *Wastes eligible for consolidated manifesting:*

(i) *Solids contaminated with used oil.*

(ii) *Brake fluid.*

(iii) *Antifreeze.*

(iv) *Antifreeze sludge.*

(v) *Parts cleaning solvents, including aqueous cleaning solvents.*

(vi) *Hydroxide sludge contaminated solely with metals from a wastewater treatment process.*

(vii) *"Paint-related" wastes, including paints, thinners, filters, and sludges.*

(viii) *Spent photographic solutions.*

(ix) *Dry cleaning solvents (including perchloroethylene, naphtha, and silicone based solvents).*

(x) *Filters, lint, and sludges contaminated with dry cleaning solvent.*

(xi) *Asbestos and asbestos-containing materials.*

(xii) *Inks from the printing industry.*

(xiii) *Chemicals and laboratory packs collected from K-12 schools.*

(xiv) *Absorbents contaminated with other wastes listed in this section.*

(xv) *Filters from dispensing pumps for diesel and gasoline fuels.*

(xvi) *Disabled vehicle wastes, as defined in subdivision (a) of Section 25163.2.*

(xvii) *Any other waste, as specified in regulations adopted by the department.*

(B) *The generator does not generate more than 1,000 kilograms per calendar month of hazardous waste and meets the conditions of paragraph (1) of subdivision (h) of Section 25123.3. For the purpose of calculating the 1,000 kilograms per calendar month limit described in this section, the generator may exclude the volume of used oil and the contents of the oil/water separator that is managed pursuant to paragraph (1) of subdivision (c).*

(C) (i) *The generator enters into an agreement with the transporter in which the transporter agrees that the transporter will submit a confirmation to the generator that the hazardous waste was transported to an authorized hazardous waste treatment facility for appropriate treatment. The agreement may provide that the hazardous waste will first be transported to a storage or transfer facility in accordance with the applicable provisions of law.*

CLERK'S CERTIFICATE

STATE OF CALIFORNIA)
COUNTY OF ORANGE) ss.
CITY OF ANAHEIM)

I, THERESA BASS, City Clerk of the City of Anaheim, do hereby certify that the foregoing is the original Resolution No. 2024-067 adopted at a regular meeting provided by law, of the Anaheim City Council held on the 18th day of June, 2024 by the following vote of the members thereof:

AYES: Mayor Aitken and Council Members Kurtz, Diaz, Leon, Rubalcava, Faessel and Meeks

NOES: None

ABSTAIN: None

ABSENT: None

IN WITNESS WHEREOF, I have hereunto set my hand this 19th day of June, 2024.

CITY CLERK OF THE CITY OF ANAHEIM

(SEAL)
