

Net Energy Metering 2.0 Excess Solar Energy Rates

The Annual Cash Compensation (ACC) rate components shown below are based on a formula contained in Developmental Schedule D-NEM. The ACC rate is paid for all energy sent back to the grid for each customer’s bill cycle from a solar photovoltaic system under NEM 2.0 during the time period specified below. These rates shown are per kilowatt hour of energy. These rates are updated annually and expire June 30, 2025.
